## **ODOURLESS ANTI-STAIN PAINT**

### **Technical information**

---

#### **DESCRIPTION**

---

Manufactured paint based on special alkydic resins, which due to their thixotropic nature, form a coat that isolates stains caused by damp, rust, smoke, etc. It is a product that provides a finish and does not require the subsequent use of any other product.

#### **TECHNICAL CHARACTERISTICS**

---

Nature: Thixotropic alkydic resins  
Colour: White  
Appearance: Matt  
Specific weight: 1.45 gr./cm<sup>3</sup>  
Drying: 2 -3 hours at 25 °C.  
Diluent: JAFEP Odourless Solvent  
Application: Brush or roller  
Performance: 10 - 12 m<sup>2</sup>/kg.

#### **APPLICATION**

---

Matt paint for interior use, both on walls and ceilings where there are problems with stains caused by smoke, damp, rust, etc.  
To use as a finish.

#### **INSTRUCTIONS FOR USE**

---

On paintwork in good condition: wash, dry and sand to a smooth finish. If the paintwork is in poor condition, remove it completely.

If the surfaces are not painted, once clean and dry, apply directly diluting it with 5-10% JAFEP Odourless Solvent.

#### **SUBMITTALS**

---

Metal containers of: 750 ml; 4 Litres; 18 Litres
