

Ficha Técnica

Anti-stain Spray Paint

Anti-stain spray paint

Versión: 22/08/2023

Descripción

Paint for interiors or exteriors with stain problems where a quick finish is required. Thanks to its composition of high-quality materials, it covers difficult-to-remove stains such as rust, nicotine, and pen stains, preventing them from reappearing. Easy application spray.

Propiedades

- Excellent coverage
- Easy application
- Excellent washability
- Very fast drying
- Resistance to light and yellowing

Certificados de empresa

Datos técnicos

Datos de identificación del producto

Color	White
Naturaleza	Thermoplastic Acrylic

Datos de aplicación del producto

Limpieza	With Jafep Chlorinated Rubber-Acrylic Solvent
Repintado	30 minutes
Secado	10 minutes

Prestaciones finales

Aspecto Aplicado	Matt
------------------	------

Dónde aplicarlo

It can be applied both indoors and outdoors, on concrete, plaster, cement, brick, stone surfaces.

Precauciones

- Do not apply at temperatures below 5°C or above 30°C.
- Do not apply with risk of frost or rain.
- Do not apply in conditions of strong winds or in direct sunlight.
- Flammable - Avoid spraying near elements that can produce sparks
- Apply in ventilated places
- The use of a mask or extraction measures is recommended due to the possibility of toxic vapors

Modo de empleo

On paintings in good condition: clean, dry and sand lightly. If the paint is in poor condition, remove it completely. Shake the spray for 2 minutes and spray the required area at a distance of about 15 cm. A thin layer will be applied first, and if necessary the operation will be repeated once the first layer is dry. It is not advisable to apply thick layers to avoid sagging.

To clean tools, use Jafep Chlorinated rubber- Acrylic Solvent.

Almacenamiento

- In its original closed container, at non-extreme temperatures and humidity.
- Keep away from direct sunlight.
- Recommended maximum since manufacture: 3 years.

Formatos

Containers: 400 ml
