

Ficha Técnica

Gloss Marine Varnish

Alkyd Varnish

Versión: 30/10/2023

Descripción

High quality modified alkyd varnish with excellent properties such as: good adhesion, penetration and wetting. Good resistance to atmospheric and environmental agents. Great flexibility and surface hardness.

Propiedades

- Good adhesion
- Good brushability
- Good penetration and wetting
- High resistance to abrasion, knocks and friction
- Great durability
- Good weather protection
- Good resistance to atmospheric agents
- High surface hardness

Certificados de empresa

Datos técnicos

Datos de identificación del producto

Color	Colorless
Aspecto	Gloss
Naturaleza	Alkyd resins

Datos de aplicación del producto

Herramienta	Brush, spray gun or airless
Rendimiento	15 m ² /L/Coat
Diluyente	Jafep White Spirit
Repintado	24 hours
Secado	6-8 hours

Dónde aplicarlo

Varnishing of wood both outdoors and indoors in highly aggressive environments, in coastal areas or in environments with heavy urban pollution.

Precauciones

- Do not apply at temperatures below 5 °C or above 30 °C.
- Do not apply at risk of frost or rain.
- Do not apply in strong wind conditions or under direct sun.
- Avoid using different batches in the same cloth or, failing that, mix the current jar with the next one 50% to reduce the normal differences between batches.

Modo de empleo

- NEW WOOD: Clean, sand thoroughly and remove dust. Apply a first coat diluted to 10% and sand again. Apply one or

more undiluted coats as a finish.

- VARNISHED WOOD: Sand gently and clean. Apply one or two coats without diluting. If it is in very poor condition, the existing varnish will be removed and proceed as new wood.

- Cleaning tools with Jafep White Spirit

Almacenamiento

- In its original closed container, at non-extreme temperature and humidity.
- Keep away from direct sunlight.
- Maximum recommended since manufacturing: 2 years.

Formatos

Containers: 375, 750 ml & 4 L
